Saturday, September 24th, Alzheimer's Association held the 2005 Memory Walk. Since 1989, Memory Walk has raised more than \$175 million for programs and services for individuals with Alzheimer's, their families, and caregivers.

Aimee Sawyer, Liz Gillette-Clarke, Sharon Gillette and Kathleen Hartgrove, all employees of The Baird Nursing Home, raised \$450 during the walk.

The Baird Nursing Home is a proud member of the Rochester Health Care community since 1962, with Stephen T. Heard as owner and operator. The Baird is a skilled nursing facility that provides senior adults with a safe, caring, home-like family environment with private and semi-private accommodations for just 28 residents. Located at 2150 St. Paul Street, The Baird Nursing Home is nestled in a scenic residential area of Rochester, just opposite the Seneca Park Zoo. www.bairdnursinghome.com

We would deeply appreciate it if you could include this in your column.
